<b>Target version:</b>	RA1: Analysis of artifacts in synthetic speech		
<b>Description</b>			
Currently, the order of alternative candidates changes after a specific alternative candidate is selected.			
It would be good to (optionally) fix the order of the candidates, i.e. not to order them again after one of them is selected.			

### History

#### #1 - 06.05.2016 14:16 - Vít Jakub

- Status changed from New to Postponed

You can now open more candidates windows. If you want to preserve order of units, you can open all of them in the beginning and don't close them. They will keep the order from original sentence.
